

MAINTENANCE AND SERVICE ENSURE OPERATIONAL INTEGRITY

Safeguard operational integrity by guaranteeing the technical availability of your centrifuge. Our comprehensive maintenance packages offer expert servicing, emergency support, and cost-effective solutions to keep your operations running smoothly and efficiently.

ESSENTIAL

Receive a standard spare parts set for the first two years of operation, ensuring your equipment maintains optimal performance.

PREFERRED

Benefit from annual centrifuge inspections and servicing, along with a standard spare parts set provided for the first four years to keep your operations running smoothly.

SAFE

Guarantee operational continuity with up to two unscheduled and priority emergency visits in case of a breakdown, and a standard spare parts set for the first six years. Also includes bi-annual inspections and servicing of dismantled centrifuges.

TAILORED

Customize solutions specifically tailored to meet your unique needs, ensuring a perfect fit for your operational requirements.

CONTINUITY

Ensure smooth operation with emergency support.

COST SAVINGS

Cut maintenance costs with regular inspections.

FLEXIBILITY

Tailor service packages to your specific needs.
